

# Friendswood Family Medicine

02/06/2026

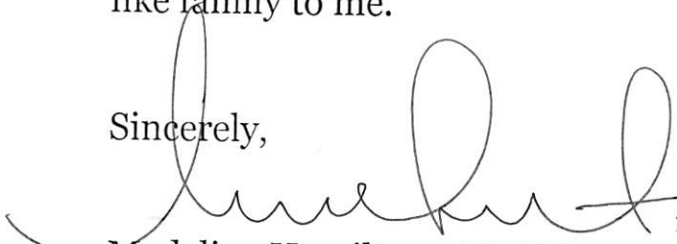

To my wonderful patients,

It is with a heart full of mixed emotions that I write this letter. After seven wonderful years at Friendswood Family Medicine, I have decided the time has come for me to pull back from my clinical work and spend more time at home with my young children. I am so grateful to have served you all for almost a decade, as many of you were my first patients as a Nurse Practitioner and even remember my time working as a student in this office. You have watched my family grow and been with me through sickness and maternity leaves, and graciously worked with me through rescheduled appointments. I know this will not come as a surprise for many of you, and I hope you know that I do not make this decision lightly.

I have full confidence in the talented providers here at Friendswood Family Medicine, and I am working closely with our team to ensure your care continues without interruption. My final day will be February 23.

Thank you for trusting me with your care, for your praise and confidence. The hardest part of leaving is leaving you all, who have become like family to me.

Sincerely,

APRN FNP-C

Madeline Hamilton, APRN FNP-C
